SAFER TOMORROW

THE 25-YEAR JOURNEY OF KARAM IN OCCUPATIONAL SAFETY

Our aspiration has always been to redefine the global safety landscape and global standards consistently served as our benchmark. With innovation at our core, KARAM has steadily expanded not just within India, but also in global markets such as the United States, Europe and Asia.

I am proud to announce that this year marks KARAM's 25th anniversary.

“My sincere thanks goes out to all those who have been a part of this incredible journey. The unwavering commitment, collaborative attitude and trust displayed by everyone has played a pivotal role in our success”

Mr. Hemant Sapra

President Global Sales and Marketing

Mr. Rajesh Nigam

President Technical

While we continue to expand and grow our markets across the globe, we continue to save more and more lives as our market stretches. I personally feel that we have achieved an incredible milestone by completing 25 years and I believe that this is just the beginning of even greater accomplishments!

“We realized that we are not into the manufacturing of safety products, we are actually into the business of saving lives of people”

New Facility

EXPANDING HORIZONS

Proudly introducing our state-of-the-art manufacturing facility in Uttar Pradesh, India, specializing in precise webbing production through advanced textile operations. Spanning over 10 acres, this expansion exemplifies our commitment to full in-house production, from metal and yarn, marking a significant step in our journey towards true backward integration.

Featured Product

METATARSAL SHOE FS 253 (MT)RO

STEP INTO ULTIMATE SAFETY

Metatarsal protection with every stride

IDEAL FOR USE

- Engineering Industry
- Construction Site
- Metal Industry
- Steel Industry
- Transportation
- General Industry
- Manufacturing
- Maintenance
- Welding Operations

FEATURES

- Comes with non-metallic metatarsal guard to protect the metatarsal bones on the feet from the impact of falling debris, objects and hazardous material
- Sustains surface resistance to hot contact upto 300° C for one minute
- Attractive yellow contrast stitching with good quality Nylon thread
- Has PU nitrile rubber sole for high durability, excellent grip and slip resistance

Easy velcro adjustment
for Metatarsal guard

Slip resistant sole
with excellent grip

100% non-metallic
shoe

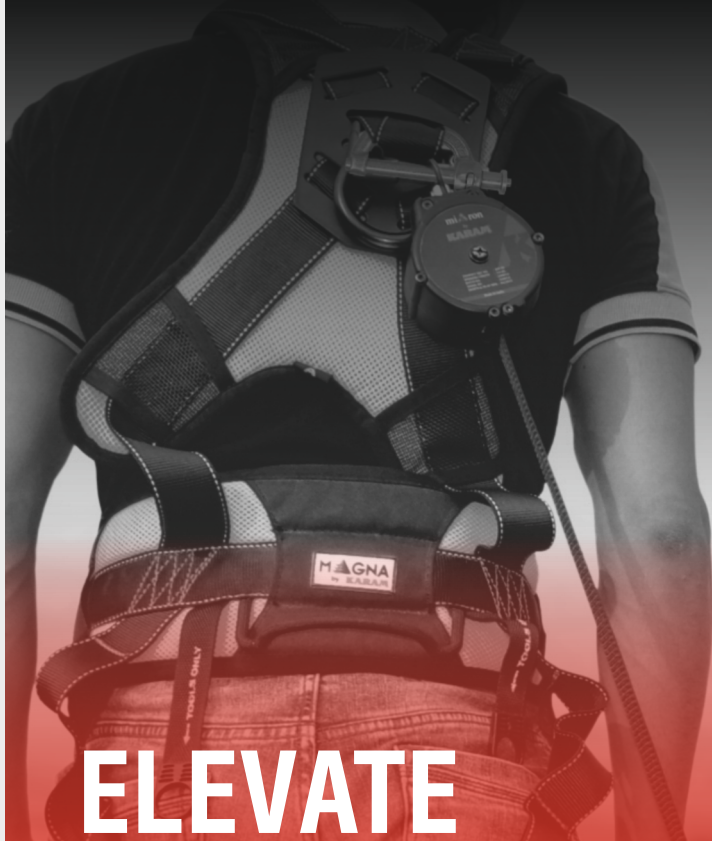

Protection for
Metatarsal bones

Dual closure design with
flat laces and velcro

Featured Product

MICRON (SELF RETRACTABLE LIFELINE) MIC 02

**ELEVATE
YOUR SAFETY
AT LOW HEIGHTS**

CE 0598

EN 360:2002
VG 11CNB/P/11.060

Features

- Ideal for direct connection to most Harnesses and can be easily used as a lanyard replacement
- Best suited for situations where an anchor point is available at foot level
- Extremely light in weight, weighing less than 600 gms (excluding hook) for easy user carriage
- Locks quickly; arresting a fall within inches providing more protection at low heights
- Can also be used horizontally
- Meets the Sharp Edge Test and passes the dynamic test of Fall Factor 2
- Minimum breaking strength: 16 kN
- Fall distance is minimal as compared to energy absorbing lanyards hence retrieval of fall victim is easier
- Available with a range of hooks option to choose from

Featured Product

MINING HARNESS PN 56(SP)

MADE
TO OUTLAST
THE **TOUGHEST**
TERRAIN

CE 0598

EN 361:2002, EN 358:2018

Used in Industry

Features

- Rear Dorsal D-Ring, Front Fall Arrest D-Ring and Ventral D-Ring as attachment points
- Lanyard keepers
- Fall indicators
- Adjustable shoulder, chest and leg straps
- Padded work positioning waist belt with side D-Rings and toolbelt ideal to attach rescue pack, lamp battery, tools and equipment
- Two tool holder loops and an extra bigger handle at the back for keeping extra karabiners and accessories
- X-shaped construction wraps to reduce pressure points during prolonged suspension

KARAM TRAINING AND CONSULTANCY

A safe work environment boosts employee confidence and productivity, starting with a well-trained workforce valuing lives.

KTC is India's only training institute for Height, Confined Space and Rescue Competency building.

TRAINING & CONSULTANCY

TRAIN THE TRAINER PROGRAM

25 trainers from across India attended the week long workshop to refresh their safety knowledge and enhance their techniques, so as to deliver top-tier safety trainings further.

GLOBAL TRAINING PARTNERS

Ms. JULIETTA

Came from the UK to undertake IRATA-Level 2 and GWO training

“ I greatly appreciated the excellent logistics and personal arrangements for IRATA course candidates. The instructors were highly competent, addressing individual trainee needs through customized learning. Their professional and warm approach accommodated specific practice requests along with daily feedback. The trainer's deep work experience and technical knowledge was evident. I wholeheartedly recommend KARAM training for those seeking IRATA certification and career advancement. ”

Mobile Demo Van

SAFETY ON WHEELS

63 OPERATING DAYS

41 CITIES COVERED

58 SITES COVERED

8549 KILOMETERS COVERED

KARAM's latest and updated Mobile Demo Van (MDV) has been creating a significant impact in the world of occupational safety across the Indian sub-continent.

“KARAM's mobile demo van was highly interactive, allowing us to practically examine how the products work in real-time. The van featured impressive displays and visuals. Seeing the products firsthand enabled us to better assess the effectiveness of the safety gear”

Safety Officer
Saint Gobain Glass India Ltd,
Bawal, Haryana

“As a safety engineer, I was fortunate to have the opportunity to witness KARAM's MDV. It was an amazing experience as we had direct access to a wide range of safety equipment, from PPE to fall protection. The MDV allowed us to experience and inquire about various products all in one place. We have great trust in KARAM's products”

Safety Engineer - Environment
GE India Power Ltd, Jharli, Haryana

Exhibition

FIRE AND SAFETY

KARAM had recently participated in the Uttar Pradesh Fire and Safety Expo and Conference 2023 which left a lasting impression by promoting occupational safety knowledge exchange.

The introduction of the KARAM mobile safety demo van was a game-changer, providing on-the-go safety information. The event served as an eye-opener for attendees, raising awareness about the critical importance of fire safety and fostering collaboration, all while showcasing innovative solutions for a safer future for all.

FOSTERING UNITY AND COLLABORATION

In a spirit of unity and collaboration, KARAM recently hosted an exciting marketing meet, bringing together our diverse and talented employees. This gathering provided a unique opportunity for our team members to mingle, share ideas, and strengthen their bonds beyond the workplace.

At KARAM, our organizational culture thrives on innovation and teamwork. We believe that by fostering a supportive and inclusive environment, we empower our employees to reach new heights and achieve remarkable success together.

BEYOND KARAM

In accord with our ESG initiatives, we are delighted to announce our latest collaboration with Olympic Gold Quest (OGQ), a dedicated organization aimed at furthering the aspirations of Indian athletes in their quest for Olympic Gold medals. This partnership underlines our unwavering commitment to nurturing sporting excellence and bolstering emerging talent.

In a momentous achievement, during the July 2023 World Para Athletics Championships held in Paris, two para-athletes demonstrated exceptional prowess. **Ajeet Singh**, an OGQ-supported para-athlete, ascended to the pinnacle of his category by clinching the World Champion title in Javelin Throw F46. Additionally, Rinku Hooda showcased remarkable talent and secured the Silver Medal in Javelin Throw.

Further adding to our pride, Sachin Khilari distinguished himself by becoming the World Champion in Men's Shot Put F46. These outstanding accomplishments exemplify the potential and dedication of our athletes, and we look forward to continuing our support for their remarkable journeys in the world of sports.
